4.	Introduction & Objective	<p><u>Introduction:</u></p> <p>1964 was the turning point in the history of dairy development programme in India. Late Shri Lal Bahadur Shastri, the then Prime Minister of India who visited Anand on 31s October for inauguration of Amul’s Cattle Feed Plant, having spent a night with farmers of Kaira and experiencing the success wished and expressed to Mr Kurien, then the General Manager of Amul that replicating Amul model through out our country will bring a great change in the socio-economic conditions of the people. In order to bring this dream into reality, 1965 The National Dairy Development Board (NDDB) was established at Anand and by 1969-70 NDDB came out with the dairy development programme for India popularly known as “Operation Flood” or “White Revolution”. The Operation Flood programme, even today, stands to be the largest dairy development programme ever drawn in the world. This saw Amul as model and this model is often referred in the history of White Revolution as “Anand Pattern”. Replication of “Anand Pattern” has helped India to emerge as the largest milk producing nation in the world.</p> <p><u>Objective:</u></p> <ul style="list-style-type: none">• To enhance the knowledge of students.• To make aware with real food industry.• To know the persons of industry and what is the working role of person in industry.
